

102.15) Correspondence

a) SNC Adoption of SN Local Plan Documents: Site Specific Allocations and Policies Document, Development Management Policies Document and Wymondham Area Action Plan, including Policies Map updates –

RESOLVED that Cllr Bond and Cllr Tyrer would prepare a response

b) Notification of Committee – 3PL/2015/0651/F – Snetterton REB Station off Chalk Lane, Snetterton Heath – Noted for information

c) Request to install camera – The Chairman confirmed the temporary camera had been installed

d) Norfolk County Council Traffic Regulation Order for the Prohibition of Motor Vehicles – Carvers Lane –

RESOLVED that Attleborough Town Council cannot support this closure as residents are not in favour and there is also concern regarding the use of the Lane by emergency services; members reiterate their previous comments and those made by residents in previously forwarded letters

e) Proposals from Abellio – Cllr Perkins reported that he had met with representatives from Abellio and they presented drawings and asked for support with their proposals and also wish to access some of the S106 funds. The drawings were circulated and there was a brief discussion.

RESOLVED that members wish to thank Abellio for the drawings and the chance to engage with them; members would like to invite Abellio representatives to a future meeting to present their ideas and understand how these fit into the emerging Neighbourhood Plan

103.15) Planning Applications received to-date

After consideration of the following planning applications it was

RESOLVED to recommend as below:-

3PL/2015/1272/F – 13 Tummel Way – Rear kitchen extension and enlarge garage – No comments

3PL/2015/1233/F – Land East of Northview Cottage, Norwich Road – Erection of dwelling and detached garage – No comments

104.15) Date of Next Meeting

Monday, 7 December 2015

The meeting closed at 7.10pm

Public Participation Notes

The Chairman invited members of the public to speak and points raised included the following:-

- Resident referred to the Carver's Lane order and suggested that Norfolk County Council Highways should be considering the traffic in the centre of town instead of a route out of town. It was queried if the Neighbourhood Plan Group were involved with these proposals – the Chairman advised that the Neighbourhood Plan Group is looking at traffic schemes, however, the Plan would have to be further along before the Planners would take it into account. The Chairman stressed that residents could still make their responses to Norfolk County Council
- A recent incident where traffic was diverted was highlighted as a need to retain Carver's Lane as a through road; particular reference was made to use of the Lane by emergency vehicles; it was stated that the Emergency Services would be making a formal response
- It was clarified that the traffic order was part of the planning process
- A resident questioned if there was any worth in writing an objection after so many had objected to the closure
- It was suggested that Carver's Lane could have been widened instead of being closed
