Attleborough Town Council wishes to express their sincere apologies in response to the Cemetery gates being left inadvertently locked over the weekend of Saturday 9 and Sunday 10 March 2019 and for any distress this caused to relatives. We have taken urgent measures to address this failure of service.

Regrettably, locking of all gates was implemented following incidents of criminal acts at the Cemetery and on advice of the Police. It is hoped this is only a temporary measure and we thank the Cemetery users for their kind understanding in the current circumstances.
