

## **Important roadworks information**

Dear Sir/Madam

### **A11 between Thetford and Attleborough: resurfacing**

I write to inform you that we'll be carrying out essential resurfacing works between the above locations. During this work, we'll also be renewing faded road markings and replacing damaged signs and road studs.

We plan to complete these works over **5 months**, from **Monday 4 January** to **Friday 28 May**, subject to weather conditions.

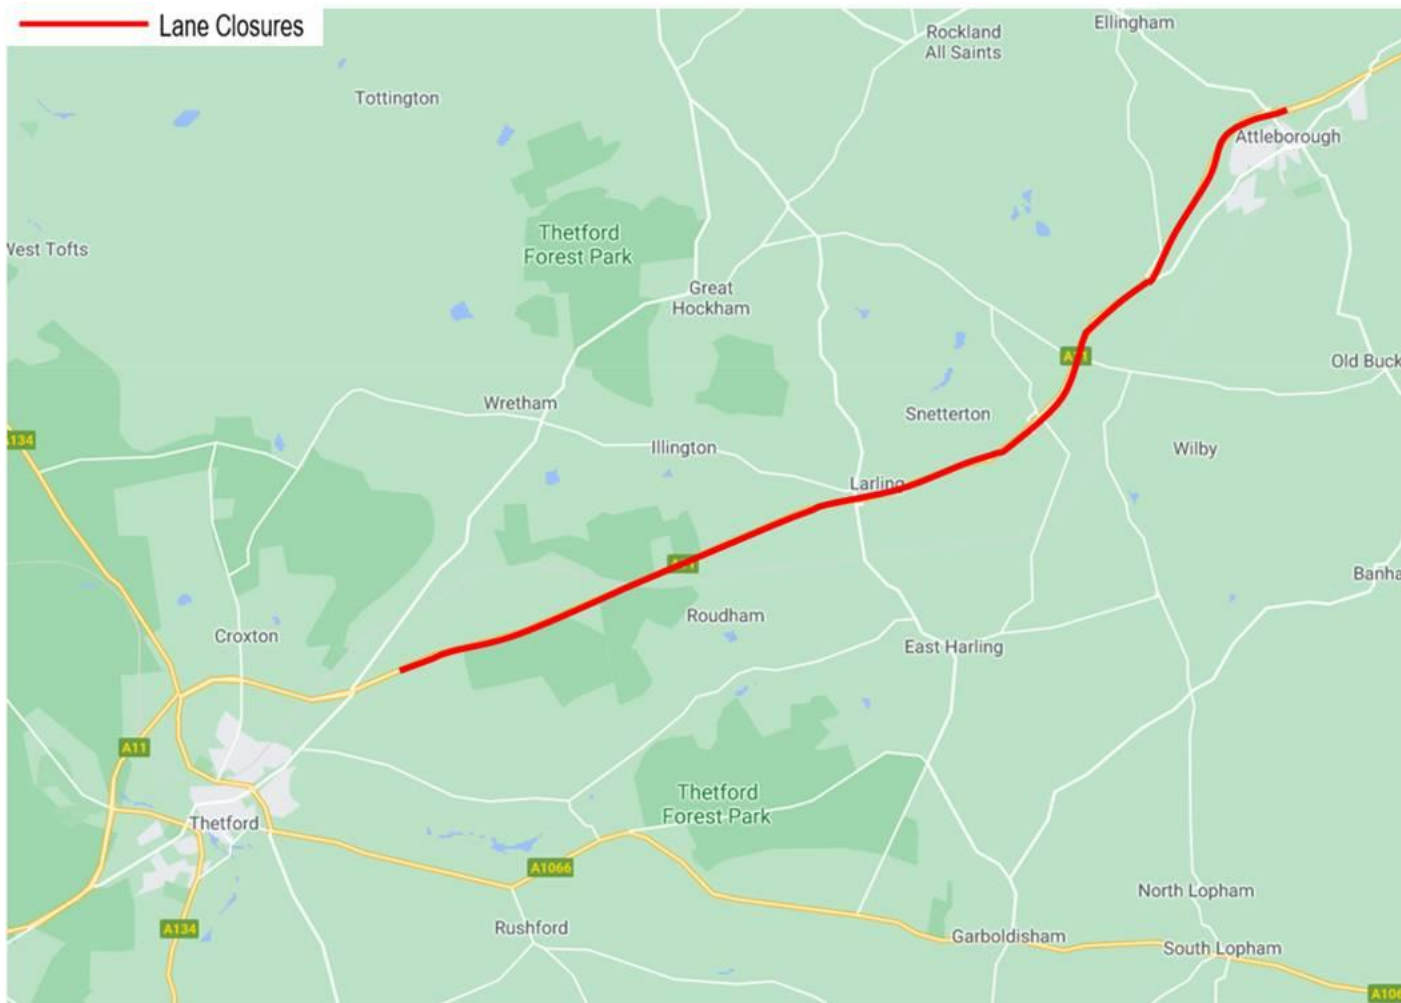

Due to the extensive amount of work on this project, we have split the works into two phases. Phase 1 will consist of preliminary work as detailed below:

#### **Phase 1: A11 lane closures between Thetford and Attleborough, in both directions, starting Monday 4 January to Monday 18 January (2 weeks)**

- Whilst the road will remain open, there will be 24/7 lane closures, throughout the week and weekends, on the A11 between Thetford and Attleborough. **(Diagram 1)**

For phase 2 of this project, you will receive further information once the arrangements have been finalised. We will keep you updated throughout the duration of the work if any changes occur.

**Map**

## COVID19

Please be assured all our sites have strict safeguarding measures to prevent the spread of COVID19 and none of our sites are open to the public. We will be carrying out all works following safety guidelines set by the Government.
