

## A11 Spooner Row to Thickthorn concrete road reconstruction and surface repairs

12 November 2021

### Phase 2 - A11 Spooner Row to Tuttlés concrete road reconstruction

I'm writing to let you know that we'll be continuing our preparation work on the A11 between Spooner Row and the Tuttlés Interchange, ahead of the start of Phase 2 of the scheme in early 2022. This will require a full closure of the southbound, and then northbound carriageway on the following dates:

#### Southbound - A11 Tuttlés Interchange to Spooner Row

- Every night evening between 8pm and 6am, from 22 November to 27 November 2021, and from 29 November to 4 December 2021.

#### Northbound - A11 Spooner Row to Tuttlés Interchange

- Every night evening between 8pm and 6am, from 6 December to 11 December 2021, and from 13 December to 18 December 2021.

This work will take place overnight so our team can do the work in the safest way possible. This will also allow us to keep the A11 between Spooner Row and the Tuttlés Interchange open during the day. The preparation work may at times be noisy, and we apologise for any disturbance caused. We'll do our best to complete the work as quickly as possible. All dates are subject to change due to operational requirements.

During this time traffic will follow a signed diversion route, inviting customers to be travelling along the B1135 and B1172, ahead of re-joining the A11. Please see the map on the following page for more information about the diversion route.

#### Keeping the community updated

As the preparation work may at times be noisy, and so we've sent a letter to every home within a 500m of the scheme. We've also sent a letter to every property within a 150m radius of the diversion route to ensure customers are aware of the expected increase of traffic overnight. And we've provided them with a 24/7 telephone number and email address for the project, so they can get in contact if required.

#### Weekend Closure Update

We've had to modify our plans for the forthcoming weekend closure of the southbound carriageway of the A11 between from 8pm on Friday 19 November, through until 6am on Monday 22 November.

The closure was originally planned to be from the Thickthorn Interchange down to Spooner Row, but this has been shortened due to operational requirements. The closure will now go from the Thickthorn Interchange to the Tuttlés Interchange.

The weekend closure is required to allow our team to do repairs to the concrete surface for phase 1 of the scheme (A11 Tuttlés Interchange to Thickthorn). The A11 will only be closed in one direction during this time.

The A11 closures will be supported by a signed diversion route that will take traffic along the B1172, and we will also encourage larger vehicles to use a dispersal route along the A1066 and A140. Signs will be placed at numerous points to inform drivers associated with the site works to take care in residential areas along the diversion route.

### **Get in touch**

Please visit our webpage at [www.nationalhighways.co.uk/A11concrete](http://www.nationalhighways.co.uk/A11concrete) for more information, or email [ConcreteRoadsEastA11@nationalhighways.co.uk](mailto:ConcreteRoadsEastA11@nationalhighways.co.uk). Or you can call the National Highways Customer Contact Centre on 0300 123 5000.

Road users can also keep up to date on road closures by visiting our Traffic England website at [www.trafficengland.com](http://www.trafficengland.com) or by following our Twitter feed: @HighwaysEAST.

Yours sincerely
